

EMERGENCY MEDICAL SCIENCE PROGRAM DIRECTOR

Job Description

CATEGORY: Faculty (12-Month)
POSITION STATUS: Full-Time
FLSA STATUS: Exempt
SALARY RANGE: Commensurate with Education and Experience

The incumbent in this job is expected to assist the College in achieving its vision and mission of student success and service to the community. A commitment to excellence, service, and a willingness to assist as needed are expectations for all employees.

JOB SUMMARY

Responsible for all aspects of the program, including the administration, planning, continuous review, development, and general effectiveness of the program as well as all duties as defined for full-time faculty. Responsibilities also include meeting and maintaining program accreditation requirements, systematic review of program effectiveness among didactic, laboratory, and clinical components, student recruitment, committee assignments and serving as a liaison with health care facilities.

ESSENTIAL DUTIES AND RESPONSIBILITIES

- Plans, administers, manages, and evaluates the Emergency Medical Science Program and course offerings, in a teaching and learning environment that utilizes digital solutions for courses, textbooks, learning labs, on-line tutoring, and other learning support services.
- Provides leadership and vision for the creation and implementation of a strategic plan for the Emergency Medical Science Program.
- Develops and implements program changes and courses in response to the needs of the community.
- Functions as the instructional leader for the Emergency Medical Science Program in the development, assessment, and revision of curricula, program outcomes, and student learning outcomes in collaboration with faculty.
- Interacts with community groups, local school districts and business and industry regarding their specific training needs.
- Assists in the development and the writing of proposals.
- Provides recommendations to the Dean of Health Care, Career and Technical Education for the employment, assignment, evaluation and professional development of all full-time and adjunct Emergency Medical Science Program faculty.
- Verifies and approves Emergency Medical Science Program faculty credentials in collaboration with the Dean of Health Care, Career and Technical Education.
- Participates in faculty and committee activities.
- Reviews, maintains and evaluates the Emergency Medical Science Program budget and directs appropriation of funds and expenditures relating to the program and courses.
- Develops, implements, monitors and revises Emergency Medical Science Program policies and procedures in collaboration with the Dean of Health Care, Career and Technical Education.

EMERGENCY MEDICAL SCIENCE PROGRAM DIRECTOR

Job Description

- Leads the process for systematic Emergency Medical Science Program review and evaluation as per the model adopted by the College.
- Develops and maintains positive partnerships with the Texas Higher Education Coordinating Board (THECB), the Texas Workforce Commission, local workforce boards, local economic development agencies, program advisory committees, business and industry, school districts, and other governmental, community, business and educational institutions of the College's service area to ensure the needs of the area businesses, credit, and non-credit students are met.
- Develops marketing and promotional strategies for the Emergency Medical Science Program and courses.
- Works with the dean, faculty and staff to resolve student issues and complaints in compliance with College policies and procedures.
- Serves as a liaison or representative on instruction-related committees on behalf of the Vice President and the Dean of Healthcare Career and Technical Education, as needed.
- Attends the workplace regularly, reports to work punctually and follows a work schedule to keep up with the demands of the worksite (which may be on campus or at an off-site location).
- Working hours may include evenings, holidays or weekends depending on deadline requirements and special events.
- Uses interpersonal skills and makes sound judgments to decide how duties and responsibilities are completed between coworkers, the supervisory chain, faculty, staff, students, and customers.
- Completes all required training and professional development sessions sponsored by Texas Southmost College (TSC).
- Supports the values and institutional goals as defined in the College's Strategic Plan.
- Completes duties and responsibilities in compliance with college standards, policies and guidelines.
- Performs other duties as assigned.

REQUIRED KNOWLEDGE AND SKILLS

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required.

- A strong commitment to the mission of the community college.
