

To Whom It May Concern:

On Saturday, March 30, 2019, Texas Southmost College will be hosting the South Texas Male Student Leadership Summit. The purpose of the summit is to address the alarming fact that the number of men enrolling in college and completing a college degree is increasingly declining. The summit will be the beginning of a set of new initiatives that will increase the enrollment, retention and graduation rates of Hispanic male students at our institution.

This summit will bring high school and currently enrolled male college students on our campus to learn about the challenges and obstacles they will face and present them with the necessary tools and knowledge to be successful. The theme of the conference will be "The Identity of a Man". The Summit will be done in partnership with The Texas Education Consortium of Male Students of Color.

We are currently searching for local businesses and organizations that can help contribute to this initiative. Your sponsorship will assist our institution in reaching its goal of creating a successful leadership summit for men in the South Texas region. More importantly, your support will have a tremendous impact in our community.

Please follow <http://tsc.edu/leadershipsummitsponsor> for more information on our sponsorship form. The form will allow your organization to indicate the amount you wish to contribute along with the sponsorship packages associated with your donation. Please feel free to contact us with any further questions.

We truly appreciate your consideration and look forward to partnering with your organization to make this event successful.

Cordially,

Armando Ponce
